

What is IRIS OpenPayslips?

IRIS OpenPayslips is a revolutionary new way for you to access your payslips online, from anywhere, any time.

So no more paper payslips?

It's completely up to you; you can choose to have either paper or online payslips. However, having your payslips online is the most environmentally friendly way of receiving your payslip. It also ensures your pay information remains safe and secure.

How does IRIS OpenPayslips work?

Once your employer has run the payroll, your payslip will be posted automatically onto our secure servers, ready for you to view whenever you want.

How will I know a new payslip is available for me to view?

You will receive an email letting you know your payslip has been posted to your account – there will be a link directing you to the login page.

Can I view any previous payslips?

Yes, you will be able to view all the payslips your employer has published from the date they signed up to the service, so you no longer have to ask your employer for a copy.

How secure is IRIS OpenPayslips?

IRIS OpenPayslips is hosted on the Microsoft Windows Azure platform in their EU zone and therefore fully complies with UK Data protection guidelines. IRIS OpenPayslips relies on Microsoft's security procedures to ensure physical protection of our systems.

Can I only view IRIS OpenPayslips on a PC?

No, you can view your payslips on any device that has an internet connection. To make your life even easier, there is also a free app for iPhone, iPad, Google Android and Windows Phone.

Where can I sign up?

You will be sent a welcome email when your employer publishes your first payslip. Simply follow the link in the email to the IRIS OpenPayslips site, which will take you through the sign-up process step-by-step.

Where can I get the app?

The app is available for download from the App Store for iPhone and iPad, Google Play for Android and Windows Store for Windows phone – it's a free download and available now.

Simply go to your app store and search for **payslips**. IRIS Open Payslips comes with a demo account.
