

## IRIS Options

IRIS Options is a flexible product bundle for practices with less than 300 clients. It allows you to choose which products to include ensuring you get exactly what you need at the best possible price.

IRIS Options is priced on the number of products, clients and users so it is easy to add products, users or move up to the next client band as your practice grows. Choose from client levels from 9 right up to 300, with double the personal tax client numbers as standard. IRIS Options offers exceptional value, rewarding you as your product portfolio grows as each additional product you add will cost you less than the last.

IRIS Options is designed to give you the ultimate flexibility ensuring you have everything you need to be practice efficient without paying for modules that you do not require.
