

IRIS Payroll Business

Fast, effective payroll delivery

The issue - Running payroll is becoming more complex. The government are bringing in new legislation all the time with changes such as RTI and automatic enrolment. Keeping up with current legislation and running payroll is becoming more time consuming, giving you less time to spend on your main business function.

The solution

IRIS Payroll Business is specifically designed for the small business owner. It allows you to run your payroll efficiently and effectively.

IRIS Payroll Business is:

- Easy to use
- Easy to install
- Simplistic payroll
- RTI compliant
- Will soon include automatic enrolment functionality

HMRC recognised software

All our payroll products have received recognition from the HMRC, meaning that you will always remain compliant to the latest legislation. All you need to concentrate on is running your payroll.

Benefits of using IRIS Payroll Business

- Confidence that you're always using the latest compliant software
- Easy to use payroll system with familiar 'office' look and feel
- Time saving features such as 'default' employee settings
- Legally compliant
- RTI ready
- World class support, so you know you are in good hands
- Compatible with IRIS OpenPayslips, secure e-payslips

Fast and efficient for today's business

Some of the many features that make IRIS Payroll Business stand out from the crowd include:

- Fresh, contemporary user interface, with intuitive data entry
- Roll back feature which allows you to roll back any mistakes made in the payroll
- Quickly access HMRC's latest guidelines
- Report manager – select the reports you use as standard for a comprehensive range of reports
- Statutory payments automatically calculated – You don't need to know the latest statutory payment rates, IRIS Payroll Business calculates them for you
- Payment and deductions – create up to 999 individual payment or deduction types, including attachment of earnings orders, bonuses, pensions etc
- Email employee – contact your employees at the touch of a button
- Global changes – increase all of your employees' salary or pay rates at once
- Payroll preview – check an employee's tax, NI, net pay etc easily with the user-friendly payroll preview, displaying information in a payslip format
- Import/export – move data in and out of IRIS Payroll Business using the simple import/export feature

What do you think of IRIS Payroll Business?

"IRIS Payroll Business is the *ideal software* for small to medium sized businesses. It does the job. It is *very straightforward*... understands what is needed by an SME and does it."

- **Mark Hall, Kandy Toys Limited**

"IRIS software is so simple to use. The reports that you get from it tell you everything you need to know. I can have the payroll done in around 15 minutes! It's so easy."

- **Michele Hunt, Smiles Ahead**
